

Overview

The explorē 8 is a touchscreen HD handheld magnifier for active people who prefer a large screen but still want maximum portability. It is smaller and lighter than most 7-inch magnifiers on the market while providing a screen more than 30% larger, designed to make life easier—and a whole lot clearer. The explorē 8 features two 21-megapixel cameras—one for things less than 15 cm away like documents, books and newspapers, and a second camera for distance viewing to see things like street and store signs.

Features

- The first 8-inch handheld magnifier on the market
- Magnification up to 30X with HD stunning image quality
- Fully customizable functions
- Touchscreen to navigate easily through menus
- Twin Ultra HD cameras for desktop or distance viewing
- Large physical buttons to adjust magnification and contrast
- Can be connected easily to a large screen TV
- Battery life : 4.5 hours
