6:30 - 7:30 pm

On Zoom

There is no charge to attend parent meetings.

Having a child with vision loss can leave families with a lot of questions. It can also be isolating. The team at Vision Forward wants you to know you are not alone. Join us for this Zoom virtual session, led by Erica Weise, Social Worker, to make connections with other families, learn more about your child's eye condition and discover resources that will help support you and your family along your journey with vision loss.

We encourage parents and caregivers with children under six years old to register for this session and bring your questions.

Please register by the Monday prior to the meeting date to receive the Zoom meeting link information.

Register by contacting Tracey Stanislawski
